Tips for Scheduling

- **Decide on Appointment Length:** Consider the number of stones you wish to view. If you plan to see multiple stones or need extra time to pull out various slabs, we recommend booking a longer slot.
- **Be Prompt:** Arrive on time for your appointment to make the most of your consultation period.
- **Communicate Your Needs:** Use the additional notes section to inform us of any specific stones or types of slabs you are interested in. This helps us prepare and ensure your consultation is as efficient as possible.
- **Please have your fabricator details and measurements for your project ready.** We can get directly in touch with them to prepare a tailored quote for you.

- **We are unable to provide the public with prices due to insurance purposes.** If you do not have a fabricator, we can source one for you, all we need to know is the location of your project.

Thank you for choosing Develli UK. We look forward to assisting you with all your natural stone needs.
